

# NOW AVAILABLE FROM THE SUDDEN INFANT DEATH SERVICES OF ILLINOIS

## *Halo SleepSack™*

### **Sleeveless**

Reduces the risk of your baby rebreathing into the sleeve, reduces the risk of overheating, and is easy to slip onto your baby when he or she is sleeping.

### **Back to Sleep logo**

Embroidered design on front reminds caregivers (even babysitters and relatives) to put babies to sleep on their backs.

### **Inverted Zipper**

Zips from top to bottom so it's harder for baby to unzip, and the zipper won't catch on your baby's chin. Easy to change diaper without disrobing baby.

### **Microfleece**

Our super-soft, micro denier fleece is slightly denser than our original fleece, making it as warm as the original fleece, but with a lighter feel. It offers superior breathability so there is less overheating, making it perfect for year round use.

### **Sack Design**

Babies can't kick off covers so they stay warm and comfortable all night long. Generous fit makes it easy for baby to move and kick legs.

### **Flame-resistant**

Tested to meet U.S. children's sleepwear flame-resistant standards.

### Sizing Chart
